Subject: Re: VASUDAV Donation Agreement

Leila: Were you amenable to modifying the donation form as we previously discussed? The issue is that DPR does not support the type of printer specified and there is no cable at the site to connect to the t.v. - see below for specifics from DPR's operations team:

Copier – In the last few months, the Trinidad Recreation Center has received a new all-in-one-printer. The printer has multiple functions (scan, print, fax, etc...). The printer toner supplies and any maintenance are covered by our lease of the product. We don't own these machines or order any of the supplies directly. We are concerned about adding and a new machine that isn't covered under our contract and who will pay for the recurring costs associated with the machines. Attached is the spec for the printer we do use at our sites.

TV – Our concern with the TV is that when its installed it will not have the functionality hoped for by the on-site team or the community. We are not installing cable for TV watching at our sites. It's our understanding that additional equipment would be needed by our site staff to utilize the TV for presentations, movie nights, etc... Those costs are not budgeted.
