2013 DC Construction Codes: One Year Later

At this special event, Holland & Knight will host Chief Building Official for the District of Columbia in the D.C. Department of Consumer and Regulatory Affairs (DCRA) **Rabbiah "Robbie" Sabbakhan** for an in-depth conversation with Partner **David Briggs** concerning DCRA's experiences with the 2013 District of Columbia Construction Codes and its implementation, one year after these Codes became effective on March 28, 2014.

This conversation will explore a wide range of topics regarding the Codes implementation and will afford ample opportunity for questions from the audience. Mr. Sabbakhan will also be giving a glimpse into what the user can expect as the Construction Code Coordinating Board begins its consideration of the 2015 International Codes for adoption by the District.

In part, the conversation will review:

- changes to the Codes that have been adopted by the Construction Code Coordinating Board since adoption of the 2013 Construction Codes
- concerns that have arisen regarding provisions of the 2013 Construction Codes and how they have been addressed
- the use of administrative bulletins to provide interpretative guidance for certain Code provisions
- procedural guidelines implemented to expedite DCRA permit processing under the 2013 Codes
- Project Dox implementation
- Green Code implementation
- significant enforcement actions
